

## WRU - Wales V Ireland Saturday 25<sup>th</sup> March 2023

**Feedback from women & girls from Believe/ Credut Project @  
South Riverside Community Development Centre.**

**We represented India, Guinea-Bissau, Sri Lanka, Sudan, Columbia,  
Malaysia and Wales.**

It was my first time taking part in a rugby game, it was very interesting especially because of the happy atmosphere. For a moment I wanted to play☺. I loved the moment and will certainly repeat the experience with my kids. It was amazing.

What a privilege it was to watch these amazing women play for their country on Saturday. Made me very proud to live in Wales. It was also great to see diversity and girls like me in the team.

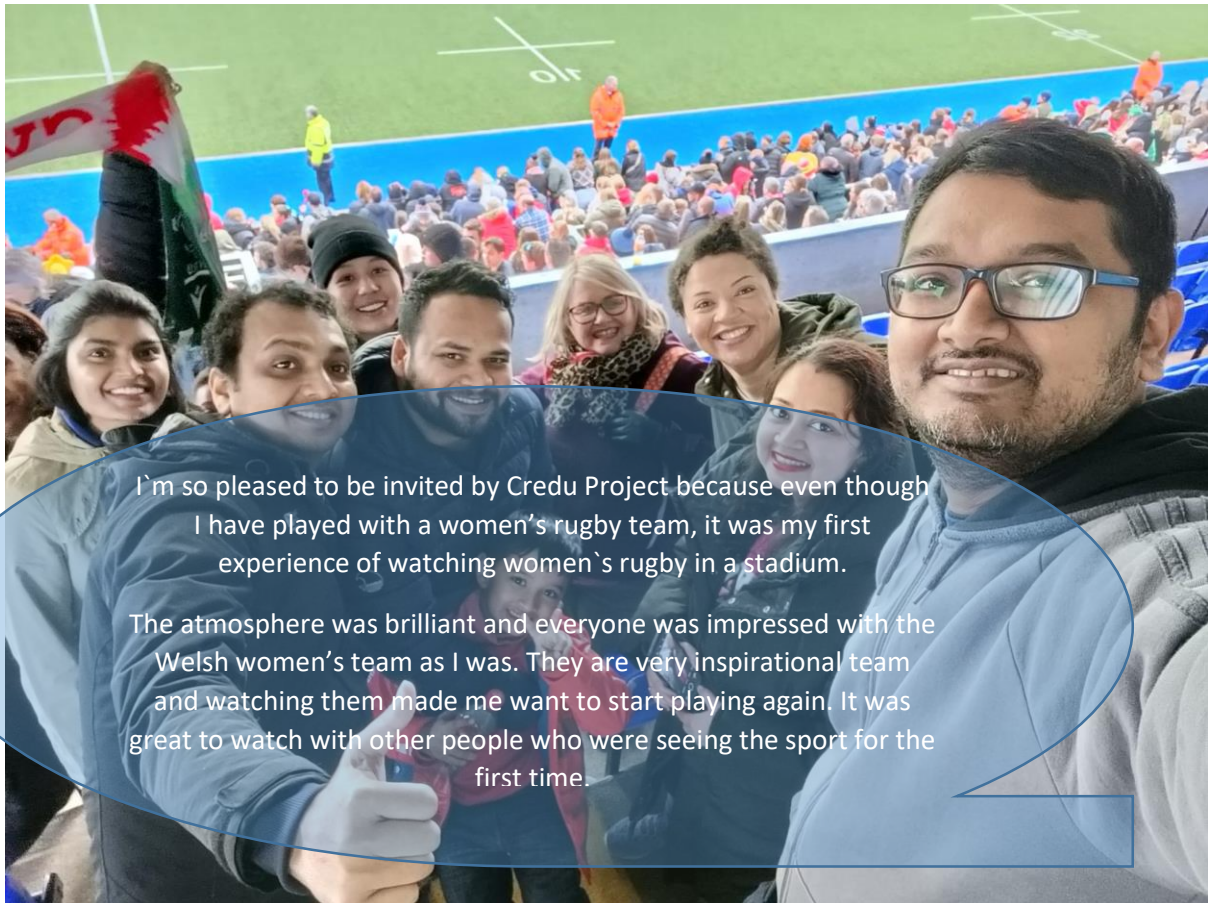

It was a fabulous experience for a first timer like me. Watching it with my daughter and having a conversation about the game is a fun thing. Furthermore the Wales team did a good job too. Good

Si me quedo gustando mucho ese deporte y quisiera seguir viendo mas cuando juegen muchas gracias

I'm so pleased to be invited by Credu Project because even though I have played with a women's rugby team, it was my first experience of watching women's rugby in a stadium.

The atmosphere was brilliant and everyone was impressed with the Welsh women's team as I was. They are very inspirational team and watching them made me want to start playing again. It was great to watch with other people who were seeing the sport for the first time.

It was a very exciting match. We have enjoyed it a lot. It was an awesome match more over when we have seen Wales to win the match with this magnificent margin. Best wishes to Wales and hope Wales is going to win this six Nations series.
