

BECOME A TRUSTEE

The Birth Partner Project is looking for Trustees to join our board

Are you passionate about birth rights and positive birth experiences?

At The Birth Partner Project, our vision is that no woman or birthing person should face birth alone. We provide volunteer birthing partners, particularly to people seeking sanctuary across Cardiff.

We are currently making big strides to develop our small charity so it's fit for the future, focusing on excellence, sustainability and growth. We are looking for dynamic and committed new trustees to join our superb existing team.

For more information email bec@birthpartnerproject.org or see more details on our website: www.birthpartnerproject.org
